6. Comment. According to another agency, as of 9 Larch there were many references to these armies in the Hong Kong press, and it was thought that they were possibly part of a 23 Army Group reported to have arrived in Kwangsi in January or February 1951; however, the armies and the army group are not rivenin the Chinese Communist order of battle.

7. Comment. The Hong Kong press reported on 23 April that the 50X1-HUM
